

Poster Contest Winners 2010

Conservation Habits = Healthy Habitats

The annual National Conservation Poster Contest provides kindergarten through twelfth grade students with an opportunity to share their thoughts about soil, water and related issues. It also highlights the educational efforts of the local soil and water conservation districts.

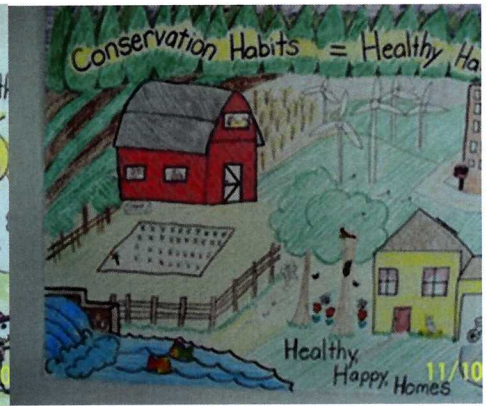

Fifty-four counties in Missouri participated in this year's event, sponsored by the Missouri Association of Soil and Water Conservation Districts. These posters were selected as the state winners because they best convey the idea of the theme, Conservation Habits = Healthy Habitats. The posters then advanced to the national competition, sponsored by the National Association of Conservation Districts.

Class K-1
Cheyenne Williams
Bolivar Primary School
1st grade
Polk County

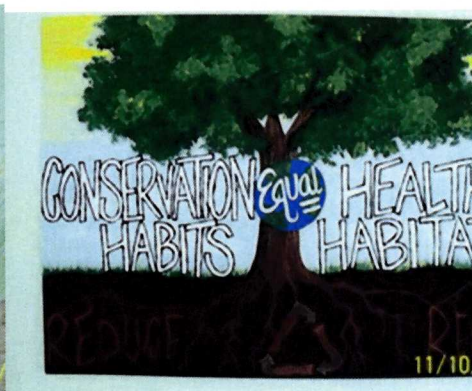

Class 2-3
Mariah Aldrich
Crane R-III
2nd grade
Stone County

Class 4-6
Tawni Martin
